

At Hope Foundation Institute , we participate in different activities mainly teaching ,sport,tours , and many others .Right now let me talk about primary five as one of the classes that composes the school . Primary five has eleven (11) total number of learners , the seven(7) ones are girls and the remaining four(4) ones are boys .All of these learners are hard working students in all of the said activities above . Even though we met with different challenges that can hinder the education mainly and life in general , the students had been tried to overcome those challenges. Some of the challenges include pandemic of COVID-19 , Repetition of the year due to that pandemic . I would like to thank parents ,peer teachers and learners that have been participating in the processes of studying and teaching activities .

The following charts show us the improvement of marks gained by P5 learners from the first term up to the third term of the academic year of 2021.

Marks gained by P5 learners during the third term 2021

NOTICE: On the charts above , students are represented by letters ;A,B,C,D,E,F,G,I,J,and K.

“Primary five class ,we work hard , together as a team in order to succeed well as well as preparing the best FUTURE.”
